Circuit breaker Universal current 220 V DC 230/400 V AC 10kA, 1-pole, C, 63A

| Model   |                                 |
|---|---------------------------------|
| product brand name  | SENTRON                         |
| product designation   | Miniature circuit breaker       |
| General technical data  |                                 |
| number of poles   | 1                               |
| number of poles / note  | 1P                              |
| tripping characteristic class   | C                               |
| mechanical service life (switching cycles) / typical  | 5 000                           |
| overvoltage category  | III                             |
| degree of pollution   | 3                               |
| Voltage   |                                 |
| insulation voltage  |                                 |
| <ul><li>at DC / rated value</li></ul>   | 250 V                           |
| <ul><li>with single-phase operation / at AC / rated value</li></ul>                         | 440 V                           |
| with multi-phase operation / at AC / rated value  | 440 V                           |
| supply voltage / with single-phase operation / at AC / rated value                          | 230 V                           |
| Supply voltage  |                                 |
| type of voltage   | AC/DC                           |
| operational current / at AC / rated value   | 63 A                            |
| supply voltage  |                                 |
| <ul><li>at AC / rated value</li></ul>   | 400 V                           |
| at DC / rated value   | 220 V                           |
| operating voltage / at DC / rated value / maximum   | 250 V                           |
| supply voltage frequency / rated value  | 50/60 Hz                        |
| Protection class  |                                 |
| protection class IP   | IP20, with connected conductors |
| Switching capacity  |                                 |
| switching capacity current  |                                 |
| <ul><li>at DC / acc. to IEC 60947-2 / rated value</li></ul>                                 | 15 kA                           |
| acc. to EN 60898 / rated value  | 10 kA                           |
| energy limitation class   | 3                               |
| Dissipation   |                                 |
| power loss [W] / for rated value of the current / at AC / in hot operating state / per pole | 6 W                             |
| suitability for operation   | universal current               |
