## **SIEMENS**

Data sheet 3RV2011-1FA25

Circuit breaker size S00 for motor protection, CLASS 10 A-release 3.5...5 A N release 65 A Spring-type terminal Standard switching capacity with transverse auxiliary switches 1 NO+1 NC

| product brand name  | SIRIUS               |
|---|----------------------|
| product designation   | Circuit breaker      |
| design of the product   | For motor protection |
| product type designation  | 3RV2                 |
| General technical data  |                      |
| size of the circuit-breaker   | S00                  |
| size of contactor can be combined company-specific                                  | S00, S0              |
| product extension auxiliary switch  | Yes                  |
| power loss [W] for rated value of the current                                       |                      |
| <ul> <li>at AC in hot operating state</li> </ul>                                    | 7.25 W               |
| <ul> <li>at AC in hot operating state per pole</li> </ul>                           | 2.4 W                |
| insulation voltage with degree of pollution 3 at AC rated value                     | 690 V                |
| surge voltage resistance rated value  | 6 kV                 |
| maximum permissible voltage for safe isolation in networks with grounded star point |                      |
| <ul> <li>between main and auxiliary circuit</li> </ul>                              | 400 V                |
| <ul> <li>between main and auxiliary circuit</li> </ul>                              | 400 V                |
| shock resistance acc. to IEC 60068-2-27   | 25g / 11 ms          |
| mechanical service life (switching cycles)  |                      |
| <ul> <li>of the main contacts typical</li> </ul>                                    | 100 000              |
| <ul> <li>of auxiliary contacts typical</li> </ul>                                   | 100 000              |
| electrical endurance (switching cycles) typical                                     | 100 000              |
| type of protection according to ATEX directive 2014/34/EU                           | Ex II (2) GD         |
| certificate of suitability according to ATEX directive 2014/34/EU                   | DMT 02 ATEX F 001    |
| reference code acc. to IEC 81346-2  | Q                    |
| Ambient conditions  |                      |
| installation altitude at height above sea level maximum                             | 2 000 m              |
| <ul> <li>ambient temperature during operation</li> </ul>                            | -20 +60 °C           |
| <ul> <li>ambient temperature during storage</li> </ul>                              | -50 +80 °C           |
| <ul> <li>ambient temperature during transport</li> </ul>                            | -50 +80 °C           |
| temperature compensation  | -20 +60 °C           |
| relative humidity during operation  | 10 95 %              |
| relative frammary daring operation  |                      |
| Main circuit  |                      |
|   | 3                    |

| accurrent dependent eventeed valence   |                |
|--|----------------|
| current-dependent overload release   |                |
| <ul> <li>operating voltage rated value</li> </ul>                              | 690 V          |
| operating voltage at AC-3 rated value maximum                                  | 690 V          |
| operating frequency rated value  | 50 60 Hz       |
| operational current rated value  | 5 A            |
| operational current at AC-3 at 400 V rated value                               | 5 A            |
| operating power at AC-3  |                |
| • at 230 V rated value   | 1 100 W        |
| <ul> <li>at 400 V rated value</li> </ul>                                       | 1 500 W        |
| <ul> <li>at 500 V rated value</li> </ul>                                       | 2 200 W        |
| at 690 V rated value   | 4 000 W        |
| operating frequency at AC-3 maximum  | 15 1/h         |
| Auxiliary circuit  |                |
| design of the auxiliary switch   | transverse     |
| number of NC contacts for auxiliary contacts                                   | 1              |
| number of NO contacts for auxiliary contacts                                   | 1              |
| number of CO contacts for auxiliary contacts                                   | 0              |
| operational current of auxiliary contacts at AC-15                             |                |
| • at 24 V  | 2 A            |
| ● at 120 V   | 0.5 A          |
| ● at 125 V   | 0.5 A          |
| ● at 230 V   | 0.5 A          |
| operational current of auxiliary contacts at DC-13                             |                |
| • at 24 V  | 1 A            |
| • at 60 V  | 0.15 A         |
