SIMATIC S7-1200, Digital output SM 1222, 8 DO, Relay Changeover contact

| General information                            |                               |
|--|-------------------------------|
| Product type designation                       | SM 1222, DQ 8x relay/2 A      |
| Supply voltage                                 |                               |
| permissible range, lower limit (DC)            | 20.4 V                        |
| permissible range, upper limit (DC)            | 28.8 V                        |
| Input current                                  |                               |
| from backplane bus 5 V DC, max.                | 140 mA                        |
| Digital outputs                                |                               |
| <ul> <li>from load voltage L+, max.</li> </ul> | 16.7 mA/relay coil            |
| Power loss                                     |                               |
| Power loss, typ.                               | 5 W                           |
| Digital outputs                                |                               |
| Number of digital outputs                      | 8                             |
| • in groups of                                 | 1                             |
| Short-circuit protection                       | No; to be provided externally |
| Switching capacity of the outputs              |                               |
| <ul> <li>with resistive load, max.</li> </ul>  | 2 A                           |

| ● on lamp load, max.   | 30 W with DC, 200 W with AC                            |
|--|--|
| Output voltage   |  |
| Rated value (DC)   | 5 V DC to 30 V DC                                      |
| Rated value (AC)   | 5 V AC to 250 V AC                                     |
